## TOUR SUMMARY

As the humpbacks arrive in large numbers to breed and give birth, you will witness one of nature's greatest events.

The crystal clear waters of Vava'u are the perfect place for nurturing mothers teaching their calves how to be whales, while groups of whales demonstrate their overwhelming presence.

Your days will be filled with excitement, only stopping to explore the beautiful coral gardens and abundant marine life that inhabit Tonga's crystal clear waters.

# FYI

## “TONGA TIME”

The schedule above is a guide and things change often when you are on an island in Tonga. The locals are on what we call 'Tonga Time' and everything is a bit more relaxed. So if the skipper is a little late, your meals sometimes longer or you don't get exactly what you were expecting, take a tip from the locals and just relax and enjoy this tropical paradise.

## DAY OF REST – SUNDAYS

Be aware that Sundays are a day of rest in Tonga, so nothing will be open during the day although some restaurants are open in the evenings.

## TEMPERATURE

Air temperature is about 25 - 28 degrees Celsius and the water temperature is about 26 degrees Celsius, so pack light clothes, bathing suits, shorts, T-shirts etc.

## ACTIVITIES

We try to visit some of the most amazing snorkelling spots in Tonga as we search for the whales, including untouched coral reefs, caves and lagoons.

But if you haven't had enough after your days on the water there are always lots of other adventures:

- **Scuba Diving**
- **Snorkelling**
- **Sailing**
- **Land Tours**
- **Kayaking**
- **Hiring a Car**

If you looking to partake in any of these activities on your leisure days or before/after your tour, now is the time to start researching, checking availability and booking.

Check your tour package to see what dates accommodation is included for your tour <http://swimmingwithgentlegiants.com/tour-dates-prices/>

- Send us your **dietary requirements** for lunches on the boat each day if you haven't already

At Swimming with Gentle Giants we think it is a privilege to snorkel with these amazing creatures and understand that they are wild animals that deserve our respect.

We are visitors in their environment and our encounters are often determined by the whales.
